

**Are you interested in
participating in a research study about an
educational program for people with
unique experiences?**

Seeking individuals ages 12-30, who recently began experiencing:

- *Unusual thoughts or feeling like something odd is going on,*
- *Suspiciousness, or*
- *Seeing or hearing things that others do not*

Participants will review and provide their impressions of an educational program about these types of experiences.

- Participation will last approximately two hours.
- Participants will be compensated for their time and travel.

**We are happy to provide you
with more information about
what is involved in this study.**
